Emergency Procedures for Injury or Illness

DURING NORMAL WORKING HOURS

1. Report to supervisor.
2. Leave work area to seek medical attention at supervisor's discretion.

Medical attention may be obtained during indicated hours at any one of the following OPM Central Office Health Sections:

OPM Building (1900 E Street, N.W.)	Rm. 4428	632-5514	(Open 8:00-4:20)
Thomas Circle Building (1121 Vermont Avenue, N.W.)	Rm. 605	632-0200	(Open 8:00-4:30)
Matomic Building (1717 H Street, N.W.)	Rm. 433	653-6112	(Open 8:00-4:30)

Assistance may be available from CPR-trained employees during normal duty hours. Look for the CPR sign next to the room where CPR-trained employees work.

OUTSIDE NORMAL DUTY HOURS:

When an employee becomes ill or injured at work, telephone the building guards when illness is acute or injury is severe.

The street addresses listed above as "Location" are intended for directing visitors to specific street locations and are not intended as mailing addresses. The official agency mailing address is as follows:

U.S. Office of Personnel Management
Name of Organization or Employee and Room Number
1900 E Street, N.W.
Washington, DC 20415

*Room number suffix, abbreviation, or acronym used to indicate location other than FOB-9.

Federal Telecommunications System (FTS)

The U. S. Office of Personnel Management's telephone system is a part of the Federal Telecommunications System (FTS) that enables Federal employees to make unclassified local and long-distance official calls to other Government and non-Government telephones through GSA-leased automatic switching facilities. Its purpose is to provide a dedicated Federal communications network for a wide range of services during both normal and emergency conditions.

Use of the Long-Distance (Intercity) FTS

The intercity FTS is authorized for official communications and is restricted to:

1. Those calls that are essential, require a timeliness that cannot be obtained by other means, and would stand the scrutiny afforded a commercial toll call.
2. The minimum time required to accomplish official business; normally this should not exceed five minutes.
3. The use of data devices when approved by the Macon Technical Control Facility. Under normal circumstances, data terminal operators are to communicate with the host computers in Macon through the use of local exchange access numbers.
4. DO NOT use your telephone for commercial toll calls. All calls can be placed through FTS.

Threat and Nuisance Calls

It is unlawful for any person to make a telephone call using obscene language with the intent to offend, or where the intent, with or without conversation, is to annoy, abuse, threaten, or harass any person. Anyone who receives nuisance calls should notify his/her Administrative Officer. If a bomb threat is involved, immediately contact the GSA Control Center, 472-1111, and your immediate supervisor.

Telephone Conference Calls

A conference call situation occurs when four or more officials wish to converse with one another on the telephone at the same time. These calls are established by a commercial firm under contract with OPM and must be scheduled through the Space and Telecommunications Management Section (STMS) a minimum of seven days in advance. This is essential in order to obtain the desired time and assure that the most economical conference methods are utilized. Group participation at any single location requires the use of a speakerphone or special conferencing equipment (available through the STMS). Those offices desiring to initiate conference calls are to provide the STMS, 632-5522, with the following information:

- The originator's name.
- The office and telephone number of the conference coordinator.
- The date and time desired and estimated length of proposed conference.
- The name, location, and FTS telephone number of each participant.
- The room number where conference will be held.

The conference coordinator must notify all participants of the date and time of the conference after confirmation by STMS. At the end of the conference, please report the actual beginning and ending times to the STMS (632-5522).

Telephone Service Order Requests

Requests for telephone installation, relocation, or termination of service are submitted on OPM Form 1717 and should be submitted at least 20 days in advance of the required service date. When it is decided that an employee requires a telephone, one of the following levels of service must be assigned:

Level I—Standard Service

Provides access to all Government Centrex telephones in the Washington Metropolitan Area.

Level II—Commercial Service

Provides "Standard Service" plus access to the local commercial dial exchange telephones.

Level III—Government Service

Provides "Standard Service" plus access to all Government telephones nationwide.

Level IV—National Service

Provides full access to all Government and commercial telephones nationwide.

Level V—International Service

Provides all services available in Level IV plus International Direct Distance Dialing.

All requests for Level IV National Service and Level V International Service must be accompanied by a work-related justification from the requesting official. All personnel who have been delegated authority to requisition telephone service and other personnel at all levels of activity are responsible for insuring that only that level of service necessary to carry out assigned missions is provided.

An OPM Form 1717 for telephone service must be signed by the Administrative/Program Officer or one of the designated officials for the staff office.

Telephone Directory Listings/Service

This telephone directory was compiled from inputs received from organization Administrative/Program Officers. Incorrect entries within this directory should be brought to the attention of staff Administrative/Program Officers promptly.

Organizational and Classified Sections

Additions, deletions, or changes should be immediately reported by memorandum to the Space and Telecommunications Management Section, Room I330.

Personnel Listings

Employees are responsible for reporting changes in phone or room number and organization to the OPM Locator (632-6594, APEO, Room 1479) by phone or SF-146. Your prompt attention to this matter will assist OPM in maintaining the most current personnel locator possible.

Dialing Instructions

Government phones are provided for official use only and are not to be used for making personal calls.

Local Calls
Prefix plus extension (7-digit number) to any Government number under the GSA Consolidated Switch
(Washington, D.C.) ..... 7 digits

Telephone Repair
(Equipment)
Washington, DC, MD, & VA 800-242-2121
(Lines, dialtone, etc.)
Washington, D.C 9-954-2424

Telephone Repair *Continued*
MD 9-611
VA 9-954-2222
(FTS Trouble)
Washington, DC, MD, & VA 9-295-8500

Transfer of Calls
Depress the switchhook firmly once, then dial the number to which you wish to transfer the call. Announce call, then hang up.

Three-Way Conference
Depress the switchhook firmly once; when you hear the continuous dialtone, you dial the number of the party you want to add on. When the party answers, you then depress the switchhook firmly once and you now have a three-way conference call.

Conference Calls
For parties of four or more persons, special equipment will have to be set up and arrangements should be made through the Space and Telecommunications Management Section, 632-5522.

Consultation Hold
Depress the switchhook firmly once; when you hear the continuous dialtone, you dial the number of the person you wish to consult. Obtain your information, have them hang up, then depress the switchhook twice to return to the original caller.

Emergency Action For Employees

Each OPM employee must know the action expected of him/her under any emergency condition. Any employee may discover a fire, witness a civil disturbance, receive a phone call or letter indicating that a bomb or explosive device has been placed in the building, or discover in his/her work area a suspicious or unusual object which might be dangerous. Report these situations immediately as outlined below. DO NOT ATTEMPT TO HANDLE THEM YOURSELF, EXCEPT AS INDICATED.

Fire

1. Turn in an alarm at once by pulling the nearest building fire alarm box or telephoning the GSA Control Center, 472-1111 or 755-8783.
2. If practical, employees should combat the fire with extinguishers. For electrical fires, see instructions on extinguishers.
3. Follow evacuation procedures when the alarm sounds.

Civil Defense Attack Warning

Short blasts on inside alarm; wavering tone on outside sirens: Go to shelter in building as directed by floor wardens.

Alert Signal

Steady tone on inside alarm and on outside sirens: Await further instructions.

Test Signal

At 11:00 a.m. on the second Wednesday of each month, the outside sirens are tested throughout Washington, D.C. No action required.

Bomb Threats or Other Threats Requiring Emergency Action

1. Call the GSA Control Center by dialing 472-1111 or 755-8783 and report the incident.
2. Notify your supervisor and immediately telephone the Building Services Unit (OPM Emergency Operations Command Center), 632-6475, or OPM Guards until one is reached.
3. Follow evacuation procedures if ordered to do so.

Evacuation Procedures

1. Put away all classified and other important papers.
2. Shut off/unplug all electrical equipment/appliances.
3. Leave promptly and calmly via the nearest safe exit and obey instructions from the wardens.
4. Proceed outside to a point clear of the building; do not block entrances.

Handicapped Employees

1. If special assistance is required in case of a building emergency:
   a. Make necessary arrangements by telephoning Building Services on 632-5501.
   b. Inform the guard (or your supervisor if no guard is on duty) when you are on duty other than normal working hours.
2. A building warden will be available to assist you if an evacuation is necessary during normal working hours.
3. Elevators will only be used if authorized. If immediate authorization is not received, evacuation will proceed without delay via nearest exit.

After Normal Working Hours

1. GSA will respond to all emergencies after normal working hours. If an emergency should occur call the GSA Control Center IMMEDIATELY on 472-1111 or 755-8783.
2. Do not use elevators unless approved by proper authority.
3. Follow evacuation procedures as outlined above when leaving the building.

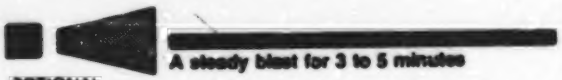
THE ATTACK WARNING SIGNAL

A wavering tone or short blasts for 3 to 5 minutes—
ACTUAL ATTACK against this country has been detected.
Take protective action immediately! **GO TO SHELTER!**

ATTACK WITHOUT WARNING

NO SIGNAL	Take the best shelter available
Bright flash of light	Keep away from windows
Take cover instantly	As soon as safe, move to fallout shelter

THE ATTENTION OR ALERT SIGNAL



A steady blast for 3 to 5 minutes

OPTIONAL
USED BY LOCAL AUTHORITIES AT THEIR DISCRETION
Listen for official information and advice from radio and local channels.

FIRE

Sounding of the Fire Gongs or Bells

Take personal belongings
Close doors
Keep entrances clear for firefighters
